

Dipteryx

Cal: tuberculatus 3 lobus. ~~Nunc erat~~ Drupa monoplerma

1. odorata D.

monadelpho

Corimantrena

Corimantrena Aubl. tab. 226.

Habitat in Guiana herb. La Mark

Rami cinerei. Folia petiolata, pennata cum pari: foliola alterna, breves
petiolata, bipollicaria, coriacea, supra nitida, subtilissime venosa, integer
rima, utrinque glabra. Petiolus marginatus, planus. Racemus terminalis, com
positus, tripollicaris, rigidus, serpyllaceus a tomento ut conspicuus.

odorata ~~Dyterpe~~. foliolis alternis floribus candelis

Coumarouna odorata Aubl. fl. Gu: pag. 740. t. 296.

Habitata in sylvis guianensibus

Abor excelsa ad summam ramofussum: Rami ferruginei

~~Folia~~ ^{folia} petiolata alterna pennata cum pari, bi. j. trijuga
foliola petiolata alterna per paria distantia, oblonga
obtusata, integerrima membranacea, e venis minutis copiosis
fimis pulchre reticulata utrinque glabra interiora bi
pollicaria exteriora quadripollicaria. Petiolus supra
nervus et ultra inferne subtus convexus supra canalium
latus superne compressus latitudine semiuinquali
extus ferrugineus apice subulatus elongatus Rami
paucissimi axillares et terminales

Banyama Gardner Richard

Flora de la Guayana

Opposifolia Tanglea

Habitat Capeno herb. Richardi.

caetero 30-70 pedali. Rami teretes, inferne glabri, apice pubescenti
folia petiolata, alterna, summa interdum opposita, 3-4 paja absque impari
Stipula breviter petiolata, alterna, 2-3 pollicaria, in tenera minima, crato-
oblonga, parum acuminata, obtusa, ut exigua, supra nitidiuscula, de-
niter venosa, subtus arena, enervia. Petioli basi teretes, extrorsum con-
pressi, lenea decurrente tenuiter marginata. Racemus terminalis, erectus,
compositus, strictus. Pedunculus angulatus, uti pedicelli et calycis basi inae-
tenuiter pulverulenti. Stems nudantur. Germinis tomentosum, incanum.
Calycis lacini oblonga, colorata violacea uti corolla.
Tota species Caninae.

oppositifolia Taralea Aubl. fl. Gu. 2. pag. 745. Tab. 29 P
Habitat in Guiana 5 herb herb

oppositifolia D. foliis oppositis floribus candidis
