

Pappophorum

Pappophorum

Leuchanum papposum panicula angustata subpinnata, glumis superne multo
fido ciliatis quasi papposum La Mark. Tabl. Encycl. pag. 159. no. 173.

Pappophorum Schreb. ~~hor.~~ gen. ~~pag.~~ Plant. pag.

Charakter essentialis

Gluma bivalvis multiflora: valvulis corollinis exterioribus multicaustatis

28
alopecuroides Coetium

Ad flosmas Spring Town legit Dr. von Rohr.

Culmo ramoso bis: tripedali glabro foliis vaginatus.

Folia convoluta; subulata striata Culmo breviora ultimam spathaceum

Panicula erecta, subspicata fere pedalis facie Alopecium minus vel
si vel Lenchi

Alopecuroides Pappophorum Tab. LI.

ad fodinas Insula Spanish Teron America legit Dr von Rohr -

Culmus ramosus, ^{3, 5, 4} bisp²ipedalis, glaber, foliis vaginatus.

Solia convoluta, subulata, striata, culmo breviora, ultimum protha^{esqui}

Panicula erecta, subspicata, saepe ^{lesqui} tripedali, facie Alopecuri monoph^{la}
lici:

Calyx: glumula triflora s. quadriflora, bivalvis. Valvula lanceolata,
attenuata, in aristam brevem desinentes, altera parum brevior,
longitudine flosculorum

Corolla bivalvis: valvula lanceolata: exterior carinata, interi
extus carinata, trifurcata, ^{basi} margine carinaque dilatata,

Saccharum pappiferae apice divisa in aristi 12. in aequalibus, calycis longioribus,
La Martia herb. L. M. patentibus, rectis; valvula interior longitudine exterioris,
acuminata, indivisa.

Coruncius: inferior foliis, hermaphroditus, reliqui masculi.
hermaphrodito parum minores, coeterum similes.

Stamina filamenta tria

Germe Ingonum

myurus Agrostis species terminalibus ternis, glumis corollinis basi villosis altero apice altero basi aff
anflata

Habitat in Zeylona
et ultra

Gramen pedale, glabrum ~~Stylis~~ filiformi foliis. Folia subulata angusta pal
mana. Spicis terminalibus ternis, palmatis facie test. myuri. Flores alter
ni secundis subulati glabri. Valvula calycina ~~inter~~ setacea subulata venis
interiore minor. Corolla basi pilosa. aristae calycis longior ad basin calycis
valvulae interioris et altera ad subapicem valvulae alterius flore duplo
longiore recta, valvula corollina calycis longior
